IPL

Intense pulsed light (IPL) therapy, aka photofacial, is a way to improve the color and texture of your skin without surgery. It can undo some of the visible damage caused by sun exposure - called photoaging. You may notice it mostly on your face, neck, hands, or chest. Consultation and test patch is required.

SERVICE INFORMATION

Sometimes clients get overwhelmed by the amount of treatments we have when it comes to skin and don't know what to book. So below we have compiled some of our most popular treatments and what benefit they can have to the skin.

Mesotherapy is:

A non invasive technique in which multi micro injections of vitamins and enzymes are delivered into the skin to rejuvenate and restore plumpness and volume.

Dermaplaning is:

A procedure that uses a scalpel to exfoliate and remove dead skin and vellus hair leaving you with flawless skin.

The Envy Hydra Facial is:

An advanced skin resurfacing treatment that combine exfoliation, extraction and infusion of specific serums to improve the texture and quality of the skin.

The Carboxy Facial is:

A treatment during which the hypoderm is infused with the necessary amount of carbon dioxide(co2).

Mesoesthetic Peels are:

An advanced line of chemical peels. The facial is designed to help clients with concerns such as hyper pigmentation,skin ageing,acne and other skin imperfections.

Microneedling is:

A cosmetic procedure. It involves pricking the skin with tiny sterilised needles. The small wounds cause your body to stimulate your collagen and elastin, which heals and rejuvenates your skin . It's great for acne and acne scarring, large pores, sun damage, fine lines and wrinkles.

L.E.D Light Therapy:

It's a non invasive treatment that enters the skin layers to improve the skin. It promotes wound healing , rejuvenates and has anti bacterial effects.

The Glow Package is:

The glow package includes a deep cleanse, dermaplaning, a chemical peel, mesotherapy & L.E.D light therapy,
